

# CRAPING ACCOUNT OF THE VERNON TRAGEDY

An Eyewitness Describes the Awful Fire in the British Columbia Town.

Calgary, August 14.—The first account by an eyewitness of the tragic fire at Vernon, in which two former Calgary residents lost their lives, was received yesterday by Mrs. Knight, in a letter from a brother-in-law who was the contractor by whom George Jarrett and George McKay were employed.

The letter was written on the morning of the fire and reads in part as follows:

"I had a dreadful thing happen to me. Two of the boys who came from Calgary with us, have been burned to death in the hotel they were living in. Their names are George Jarrett and George McKay. We woke up this morning hearing the fire alarm ringing madly and saw the place flaming high. I was only a back room in an old wooden building with a brick chimney. I heard the alarm at 1:30 and by 2:10 there was nothing but a heap of blazing ruins the walls had all fallen in. They have taken my things and clothes out, and all my money was gone. I was very sorry for my friends who were burned. They were very young and had just started. Two people have already died from injuries."

All the other buildings around were saved, except a very large one at the back, and the horses were all got out before the fire reached them. The proprietor's son was hurt, but not seriously. They recognized him by the gold filling in his teeth. This hotel was principally occupied by workmen."

"It was heartbreaking to see strong men cry and broken up at the loss of their friends. There was no night watchman, and no one knows how it started, but it was flaming before anyone knew of it. We could hear the people shrieking as the alarm rang."

"Of course there will be a big inquiry, but that will not bring them back."

"Of course the two poor fellows were suffered but they were not given warning. They were the best workmen here, and I was told by Mr. Jarrett at different times for two years I spoke to one of the girls working in the hotel, and she said she did not know a thing until their clothes were blazing on the walls. It was the Okanagan Hotel, the first one built in Vernon."

It has cost each a gloom over everything."

George Jarrett was a young man 20 years of age last August. He came from Cranston, in Saskatchewan. Kent, England, has three brothers and one sister living in the Okanagan valley, and leaves a father and mother in the old country. He was hired engaged here by the brickmaker of E. H. Cranston at Brackman, as a bricklayer. He is stable in the manufacture of concrete blocks.

W. G. E. Mackay was about 20 years of age and came from Bristol, England, where he has relatives. He was an architect by profession, but since coming to Canada had not followed that line of work. He and Jarrett were chums, and they both worked at the same line of labor.

Both came to Calgary from British Columbia, and while here they lived with T. Thomas, 919, Elbow avenue west, leaving there on July 22 last to go to Vernon, to engage in the work of making concrete blocks for Mr. Jarrett, who accompanied them. Both Mackay's parents are dead, but he has brothers and sisters in the old country.

Jarrett and Mackay were two of our best players, and we were sorry to see them go, but they had to get away with the contract they had been working with here," said a member of the Hillhurst football team last night.

"All the boys are sorry to hear of their untimely end but they cannot say any word in the city and left for Vernon with the contractor who had been working with here," said a member of the Hillhurst football team last night.

"SECURED" \$40,000.

Navy New York Yacker Manipulated the Wire Tilt He Landed in the Tanks.

New York, Aug. 14.—Donald L. Persch, an ambitious young financier, whose office constitutes merely a room in a downtown broker's office, is in the tanks in default of \$30,000, and thereby hangs a tale of tangled finance through which somebody will "get" ripped. I was told that Persch, the one-time copper king, for \$40,000.

He is specifically charged with the larceny of \$40,000, a profit made by the sale of \$400,000 shares of Ohio Copper common and 4,000 shares of Davis Daily Copper common, which an agent for Persch placed with the Windsor Trust Co. of this city, as security for a loan of \$20,000. In some manner as yet unexplained, the stock was not held by the bank but was turned over to a clerk acting for Persch, and at the latter's orders thrown on the curb market and sold for approximately \$30,000. How he (Persch) obtained the capital to carry through the deal and why the stock was entrusted to the trust company are points yet to be cleared up.

After his arrest this afternoon Persch intimated that there were men "higher up" in the transaction, and he refused to say more upon the details of his larceny. Persch had been assigned late this afternoon before a magistrate, and after unsuccessful efforts of his lawyers to get him released to \$25,000 was committed to the House of Correction. He is expected to be freed tomorrow morning. His examination was set for Thursday at 10 o'clock.

Assistant District Attorney Hoyt, who is conducting the case, said: "There are other powerful people behind this case, your honor. They will not let me have any difficulty in furnishing \$50,000."

"On August 6," he continued, "this man had \$40,000 in the possession and \$40,000 bank is not too much."

Persch was arrested on the strength of statements made by John Sherwood, another man under the alias of "Buck," who had been called to the district attorney's office this morning. He said that at the request of Persch he procured the certificates from the trust company, after he had paid the \$25,000 for the purpose from J. Fields & Co., dealers in curb stocks, who through the transaction were entirely legitimate and was ready to set on a percentage.

He exhibited orders from Persch to reduce the securities and to put them in the market. Three hundred dollars was paid to Fields' account for the use of the money.

The mystery of the case is, one Persch knew when and where Mr. M. Joyce, representing E. H. Heinz, secured the securities. It is considered "coincidental" by the district attorney's office that Persch had his desk room in the office of W. C. Clark, a job broker, who first directed Mr. Joyce to the Windsor Trust Co. for the purpose of obtaining the loan. While here is nothing to indicate that the bank is ultimately responsible in any way, Mr. Joyce says that it was stipulated when the loan was made that the stock was to be placed in his name and retained.

Shortly afterwards the securities were deposited on the curb and an investigation was begun. The trust company is in the defense, but it was merely acting as an agent in placing the loan, and this agent now appearing before the court is the same man, Persch, who in turn intimates that he was acting as an agent above him.

But Mr. Joyce is emphatic in saying that he had never seen Sherwood before the knowledge until today. Stirring a controversy, chief of the loan department of the trust company, acted as intermediary between the two, and the money was made the money direct from the bank.

According to the police Persch has been arrested twice before, once on a charge of larceny and once on a charge of forgery.

Deer Cattle Have in Orchards Boston, Mass., August 14.—Damage by deer to orchards and farms in Massachusetts is becoming a serious problem. The deer money appropriated by the legislature to pay the claims of farmers caused by the animals, promises soon to become exhausted and the state may have to adopt the shotgun policy, which allows the farmers to shoot the deer on their property.

On one farm alone in Worcester county, deer ruined about 100,000 bushels of string beans and almost 3,000 bushels of corn.

### WINNIPEG PRICES.

Winnipeg, Man., August 13.—On the unquiet higher Liverpool cables the markets opened firmer and displayed strength all through the session. There were a few rust reports from the Dakotas, which strengthened the bullish feeling. There was fairly good buying in the local market by exporters and a chunk of May wheat was picked up under the dollar mark by intermediaries which generally operate for large milling firms. There

was a little demand for No. 1 and 2 Northern of the 72c old crop, but there is so very little of this to be had that the trade is gradually becoming lean and low every day. The wheat they may shoot shows conditions are the better and favorable throughout. The wheat, except for a few showings.

Rye—August, 1.20, 1.25; October, 1.25, 1.30.

### CHICAGO LIVE STOCK.

Chicago, Ill., August 13.—Ship pings grades of live hogs arriving to-day, but packers asked more steady to strong. Shipping demand was broad and strong, and was well for choice heavy. Cattle trade showed in perceptible change. Lambs were 10 to 15c higher, westerners selling up to 8.15, the high point of the week. Natives with scarce and got the advance. Sheep were about steady.

Cattle—Receipts 11,000; 8c higher. Mixed and butchers, 47.49 to 48.00; heavy, 7.50 to 8.00; rough heavy, 7.10 to 7.50; light, 7.40 to 8.00; pigs, 6.50 to 7.00; bulk, 7.00 to 7.50.  
Cattle—Receipts 2,000; strong. Heavy, 2.25 to 2.50; stockers and buyers, 3.00 to 3.25; Texas, 4.00 to 4.25; calves, 4.00 to 4.25; western, 4.50 to 5.00.  
Sheep—Receipts 4,000; steady. Sheep, 3.00 to 3.25; lambs, 4.50 to 5.15.

### CHICAGO GRAIN.

Chicago, Ill., August 13.—There was an almost complete reversal of sentiment on wheat and prices closed 1/2 to 1 1/2c higher. The buying was influential in character and was led by Butterfield, who took the center. Amount bought September. Panhandle a consistent buyer of the center and the Northwest bought. The last September and December. The market was a "creeping affair". It advanced slowly, but stubbornly, and the upward trend refused to be halted by the pressure brought to bear by those who believed in the prices. Those of the professionals who so far covered late and took their losses. Every market in the country ducked under the strength in cash values. Southwestern and Northwestern cash markets rather stronger than Chicago. Premiums bid for cash wheat to arrive at Minneapolis were advanced from 45 1/2c over the September option, and St. Louis stocks were reported as falling to increase in the face of heavy receipts since July 1. The market was overcast. Speculators who came alarmed because of influential buying, they covered and an advance was the result. Advances of 3/4 to 1/2c were made in corn values. Specimens of the market were the strength in wheat, coupled with advances of losses by a weaker market and heat. There was a weak point

and a slow market at the opening, in sympathy with the decline in the markets of the old world, coupled with rain. The demand was some what urgent at the lower prices, and the feeling soon became firmer. A very steady tone prevailed in the cash market all day, with shorts fair buyers, and the feeling was in the way of a hedge, against cash purchases on the part of the market. Provisions were very firm for a time on commission-house selling, as well as some pressure from bearish traders, but the market turned out firm and had a fair advance on buying of late and by packers, coupled with some demand from flour.

### NOT READY TO FLY

Servy to Ken or Waiting But Can't Do It For a Week.

Pelawaka Military Camp, Aug. 13.—(As any really official test of aerobics advanced No. 1, is off for a week. Colonel Leonard, General Macdonald, Major General, Col. Rutherford, and Major Maunul returned to Ottawa this afternoon. They visited the camp every part of the aerobics by Mrs. Macdonald and Maunul. "Will you say definitely whether you will make a quarter mile ascent within the next week?" Mr. Maunul was asked to "retreat" 200 ft. he replied "But I do not think we can make what you would call a flight for a week yet. We have got to get up, Orville Wright kept president of United States and senators and congressmen waiting eight days. Senate adjourned so that they could witness the test but Wright was not ready; he had to wait eight days. We expect to keep newspapers and public waiting but really cannot help it."

### GRAND DANGER.

Retawaka Camp, Aug. 13.—The Canadian aeronaut, Harold G. I., was put temporarily out of commission in an attempted flight shortly after 7 o'clock this evening. He was rising gracefully in the air when she suddenly fell back, smashing the rudder and undercarriage, and badly injured the centre of the framework. Jack Macdonald was injured. The crash is undamaged. Weather conditions were perfect when Macdonald was set the time about 7.15. With a terrific bang the machine spun wildly down for 200 yards. When Macdonald made it, he shot up gracefully for about 10 feet, and then he drove his back to the ground. Macdonald said they would set to work at once repairing the damage. This means a setback for at least a week to the aviator.

### After the Talking Machine.

Kington, Ont., Aug. 13.—Bob Lippman, of Princess Theatre, has been summoned, charged with allowing a group of men to make too much noise. It is the first case arising since the anti-noise law was passed by the Ontario legislature.

### THE RIFLE.

RIFLEMEN OFF TO OTTAWA. Calgary, Aug. 13.—On a special car decorated with streamers and attached to train No. 26, the regular west bound express, the Alberta Provincial Rifle team left for Ottawa to attend the D.R.A. shoot. A number of friends of the Alberta Riflemen were at the station to see them off. The team will first visit Toronto to compete in the Ontario matches, and afterwards journey on to Ottawa to shoot in the big D.R.A. matches.

### Following Is List of Personnel of the Teams

From Calgary: Capt. W. C. Armstrong (adjutant in charge), R. W. Fox, R. A. D. Bell, H. A. Graham, R. S. Brown, R. C. McDonald, Arm. Sgt. Northcote, C.O.C. and A. R. Clarke.  
From Edmonton: A. McDonald, Sgt. S. S. Brown.  
From Medicine Hat: G. A. Kram, J. Peard, Fulton.

### The following names of the different clubs will follow the team, but will shoot independently:

From Calgary: Menon, H. A. Fraser, J. S. Brown, J. R. Joyce, L. Parker, T. A. Flaherty.  
From Edmonton: Capt. Carmichael, Mrs. J. S. Fraser of this city and Mrs. J. Peard of Medicine Hat are also taking the trip, accompanying their husbands.

### At Toronto the team will be further strengthened by Corp. McLean of Edmonton, who is on his way home from the Boles meet.

### HOLBEIN TO SWIM CHANNEL.

Dover, August 11.—Montague Holbein, accompanied by a swimming expert, named Stern, started today to swim the English channel. It is Holbein's fifth attempt in previous trips he had narrow escapes from drowning. In the last attempt he was in the water 24 hours, and lost consciousness and quids could be made his head in the direction of Captain Matthew Webb is the only man who ever held the record of swimming the channel, although Holbein has been trying for ten years.

### Great crowd gathered to see him depart. His head was encased in a quack-chop helmet to keep the water out of his ears and eyes. The boat started simultaneously.

Holbein's most spectacular attempt to swim the channel was made in 1916 when he was 26 years of age. He swam 26 miles; the zigzag direction compelled him to give up the attempt while five miles off the English shore. A stiff wind and an injury to his hip conspired to defeat his effort.

### Even Printers Beat The Taff.

Winnipeg, Ont., Aug. 13.—Canadian officials here will make a test case of the press at the office of the Citizen Printing company in an attempt to collect from the firm which made the sale. The customs officers are informed that a Canadian agency which does a large business selling American presses to job printers, has been avoiding the duty by entering them as newspaper presses. The Canadian customs law admits newspaper

# SALE & SALES

The true test of any sale, and the only reliable test, is the number of buyers who come back time after time, and at every visit still keep buying. We don't create the intense interest manifested in this great sale. By proper advertising we first let the people know that the CALEDONIAN STORES had been placed in our hands to sell, and that we were in a position to make prices that would put this store out of business in record time. We made the prices, and GENUINE BARGAINS NOW DO OUR ADVERTISING.

The kind of advertising we want is the kind we get from the buyers themselves, what one neighbor tells another.

Supply your needs for the winter now. This sale, coming as it does just at the time when all careful providers are preparing for winter, presents an unusual opportunity to make a great saving. Few, indeed, are the people who can afford to miss it. Get in now and don't be "everlastingly too late."

The above few specials show you how we are sacrificing the stock; and you're losing something if you don't get your share before these goods are all gone.

REMEMBER THE WHOLE STOCK GOES, and the above extras are only a little better values than you would get if you bought any other of the thousands upon thousands of snaps we are handing out. Ask your neighbor, who has probably been in, what he thinks about it: where willing you should take his judgment. Last, but not least, pay no attention to some of the foolish sayings of some crying competitors. They are not in a position to make prices to compete, and the fact that we are able to do so, and also are selling the goods, shows plainly that we are hurting them. That is why they cry.

Don't be misled! Follow the crowds to the big blue signs on Namayo Avenue.

## SPORTING NEWS

### BASEBALL

#### QUINTON VS. FIRST GAME

The Robin Hood No. 6 great pitcher, "everything," he wanted to win, night's game badly but didn't get it. He came forward, who was acting as umpire called the game when it got too dark to throw a needle. Robin Hood Taylor and his local of collapse turned the game with an exhibition of some headbumps which ruined their P.U. standing as champions locally.

Robin Hood and his merry men would never have become known to the fans had they bumbled as egregiously as they did in last night's game. The game of Diamond Park. From the first inning, the Robinsons completely outplayed them in the pitched game but, not wanting a night hit from the first to the seventh inning. He gave a series of strikes. Moose Jaw made five errors in the seven innings.

The game had not many features. Robinson's running catch of a foul fly from Robinson's left in the seventh inning was the best of the evening. Moose Jaw made a very nice catch of the right fence in the first inning.

Robinson's right arm and left arm (Robinson from offloading at the game and Robinson and Carrie started out to do the pitching.

In the seventh inning, Robinson threw a second to get the out. Robinson's throwing a very strong arm. Robinson's first was very strong. Robinson's first was very strong. Robinson's first was very strong.

All the runs scored were made in the first and fourth innings. Moose Jaw got three in the opening inning. Robinson's first was very strong. Robinson's first was very strong. Robinson's first was very strong.

There was a good deal of action at the game last night and the ending was all that could be desired. The fans were pleased at the victory of the Robinsons over the Robin Hoods.

For three weeks "Baseball Tonight" should decorate the shop windows and street cars. While Edmonton has been showing its championship league operations there is still the opportunity to take it to the next level and demonstrate beyond a doubt that there are real ball players on the first line.

#### LEAHY'S IS A SUCCESS

Winnipeg, Aug. 13.—James Fleming, president of the western Canada Baseball league, today announced that his first official visit last evening. He is staying with J. M. Lamb. Mr. Fleming attended the game last evening and questioned about the sport later, and the club had had a very successful financial season. He predicted an even greater success in the future, to which he said the club was proud to be the experience of the present one. He

### AMATEUR BALL AT TAYLOR PARK

Wholesale and Retail met in a league fixture at Taylor Park last night. The Moose Jaw team met the Edmonton team and a half inning to make it a game but they were enough hits and errors, crowd to make up for two or three full games.

Burner, Wilson and Kemp failed to make an appearance and consequently they had to shift their team all round. Knowledge caused to pitch for Hild but had difficulty in heating the plate and 4 out of 7 games resulted in scores, owing to the very poor support he received.

In the second innings the side would have been retired without a run but for a couple of very glaring errors. Wholesale scored 2 in the first inning. George and Johnson had their hitting line with them. George driving three balls and making a hit. Johnson getting three hits in three times up. Howe came along with two hits in three times up.

Parker pitched a very steady game for Wholesale, but a number of hits were the result of the poor defense. It seems that the Moose Jaw team is not so much a diamond as they appear to be. It is to be hoped that the team in charge will have the grounds adjusted to before the next game night.

**Guysville Ball in Packing Town.**  
There was a great old time at the Packing Plant last night when Norwood went to play the "Packers" a popular game. It was the best game of the year. The score was 1-0 in favor of the Packers. The Packers demonstrated that they were the best team in the city by winning the game. The Packers were not outwitted with the game and the tie will be played on an early date.

**WINNIPEG AWAYED BY HATTERS**  
Medicine Hat, Aug. 13.—Smattering from the defeat administered in Winnipeg, the Med Hatters went after Miller last afternoon and finally drove him from the box at the end of the 10th, after gathering fourteen hits in the defeat. Hild was substituted and was touched up for seven safeties. Nelson pitched a beautiful game for the Hatters and only let up a triple in the fourth when Hild and Edwards got him for two fly-balls, scoring "Moose" only run.

London, Aug. 13.—An offer of a purse of £5,000 sterling and half the take in receipts has been called for Jack Johnson and James Jeffries to fight in London. The syndicate backing the scheme is the same one that recently pulled off the Brit-Summers fight. The idea is to have the contest at the stadium or elsewhere.

**CRICKET.**  
Toronto, Aug. 13.—The first day's play of the annual Inter-provincial cricket match between Ontario and Quebec in which each eleven played on a separate field was closed by 107 and 107, and today is to be for the second time with 100 runs to the good. The Ontario team, the brilliant batsman of the day, with top score of 86, but those who witnessed the batting of H. J. Heggie, former Sussex player, later in the day, paid that Heggie was the best bat on the field. The features of the match were the wicket keeping of O'Connor for Ontario, the former professional of Ireland playing everything many that he is one of the best wicket keepers. Ontario has ever had. Play will resume tomorrow morning at 11 o'clock with Ontario going to bat first. Quebec were all out yesterday ten minutes before the time scheduled to stop.

Owing to the absence of Police Magistrate Cowan from the city today, the coroner's inquest on the body of the man who was killed by a car on Monday.

The infant son of Mr. Thos. Mills, who resides on Nymore avenue, at the corner of Clark street, died yesterday afternoon, after a year and eight months. The funeral takes place this afternoon at 2 o'clock at the St. John's church.

The body of a woman who was brought into the city this morning for burial, Mr. Carleton was employed on the Dominion Express. Her death occurred at White Lake on Wednesday. The body will be buried from McGill's undertaking parlors this afternoon.

**G. T. P. FILL BREAKS DOWN.**  
This morning about 20 feet of the high fill of the G. T. P. near Clover bridge broke down and threatened communication along the railway line. The cause of the collapse is thought to have been the heavy rain which was too narrow. The traffic cannot be resumed until more earth is placed in the breach or a trestle work is built to carry over the railway line.

**YESTERDAY THE HOTTEST.**  
The mercury touched a new mark for this season yesterday, reaching 85 degrees. But while people were unaccountably hot, the weather was not so. In the assurance that every day is such a warm one, people are not so hot as they should be, for the thermometer is not millions of dollars to the west.

**IMPROVEMENTS AT THE PARK.**  
Howard Douglas, city engineer and commissioner of public parks, returned from his inspection of the improvements at the park yesterday afternoon on the G.T.P. special.

Mr. Douglas found the animals in splendid condition, those which came from Montana were wonderfully in the five weeks since they were turned loose in the park. Mr. Douglas also found the men at the park, the superintendent of the park.

**PARTY HAS HARD LAY OUT.**  
J. Welsh who went down the Athabasca river some time ago, with a party of men, has returned. He reports that the party had a hard time in their attempts to cut their way to the 30th mile mark. They were practically cut off and had to strike back for the river with all speed.

They were practically cut off for three days before they got a little further, etc. from Mr. Campbell's report that they went down the river. When Mr. Welsh left, Mr. Kelly, of the H. B. Co., to come down the river, he could get a further supply of provisions for the party, but he was unable to do so.

**ITALIAN IMMIGRATION OFFICE.**  
Professor Attolico, of Rome, the inspector of immigration for the Italian government is a guest at the Alberta. Professor Attolico is accompanied by Dr. Paul Falser, of Montreal, the C.P.R. general immigration agent.

When interviewed by the Bulletin, Professor Attolico, who speaks English fluently, told of the purpose of his visit to Canada. He has visited all the principal centers of immigration in an endeavor to ascertain the real conditions of the market for the information of the Italian government.

There is no great demand in this country, said Professor Attolico, for immigrants of the Italian government. The evidence of agricultural development in the West is not so great as it was some years ago. The industrial development is not so great as it was some years ago.

Professor Attolico expects to meet Hon. Sydney Fisher here in Ottawa. Professor Attolico visited that city. Professor Attolico is a very interesting man, who has been in the United States, and who has been in the United States, and who has been in the United States.

Chatham and moved to West Toronto in 1902, and continued to live in the latter interests at a general election in 1900, but was unsuccessful. From the death, in 1900, of Hon. N. C. Walker, he was elected to the House of Commons by a majority of 111. Elected at the general election in 1904 as member for Centre York, the redistribution of the county having wiped out West York, he continued to represent the county until his death in 1907.

## WANTED

**Travis-Barker Exchange Mark McDougall Avenue**

Are not selling out. Are not offering you goods at 50 cents of the dollar. Not buying quality of any such desert against the public. Not standing the public intelligence by big type posters every few days announcing forced sale, giving up business, and offering from stocks and calling their bankrupt goods and charging 20 per cent. higher price. If the Exchange intended leaving Edmonton in a few weeks it might be persuaded to practice on the public minds such bare faced publicity.

The Exchange is doing business in a most successful manner. It is not the cheapest store in town? Never advertised as such. Of course, it is value for money. Of course, it is value for money.

You may buy at the Exchange almost everything in housekeeping or farm wants. You may sell the article you have on hand for the long discount catalogue of things the Exchange deals in. Flax, sugar, cane, and rice, furniture, tools, stoves and ranges, huggins and boxes, granulars and hardware and everything else. There is a dandy kitchen stove, a direct from factory, big oven, wood or gas, \$18.50. A dandy kitchen stove, a direct from factory, big oven, wood or gas, \$18.50.
